Provisions

RECITALS

- A. This MCP has been prepared by Places Victoria in order to regulate the siting, form and design of the residential development in accordance with the requirement to ensure a high level of amenity for owners and residents of the allotments within the Plan of Subdivision.
- B. The provisions of this MCP are incorporated into a restriction created by the Plan of Subdivision being PS 707862C known as Stage 10 of the Riverwalk Estate, Werribee.
- C. This MCP provides details of approved building envelopes.
- D. This MCP provides information necessary to interpret the approved building envelopes.
- E. The MCP imposes restrictions on the design and siting of buildings which in some cases may be different to those in the Building Regulations. In some cases the restrictions in this MCP may be stricter than the Building Regulations, and in other cases, the siting restrictions may be contrary to the Building Regulations.
- F. Where the siting restrictions in this MCP are contrary to regulations 409, 411, 414, 415, 416 and 420 of the Building Regulations, no consent and report of the relevant council is required, as this MCP has been prepared with regard to regulation 406 of the Building Regulations.
- G. Some matters addressed in this MCP are not covered by the Building Regulations.

2.3 Building Envelope Profiles

The heights specified with the Building Envelope Profiles are to be taken from the relevant spot "Finished Surface Level" of the site. Maximum building heights between specified points on a Setback profile lie on a straight line drawn between two specified points within a profile. The delineation of the profiles is demonstrated on the Building Envelopes plans. The Building Envelope Profiles are defined only by means of the side Setbacks of the Building Envelope. Rear Setback are to accord with the specifications outlined in Table 414 of the Building Regulations.

2.4 Minimum Front and Side Street Setbacks

No Dwelling shall be Setback from the Front Street less than 3.0 metres and Side Street less than 2.0 metres, unless otherwise reflected on the Building Envelope.
